

JustHealth Consultants is the consultancy service of AHHA, launched to support Australian healthcare organisations at national, state, regional hospital and community levels across all sectors to meet complex governance and organisational requirements of today's healthcare system.

SERVICE EXAMPLE:

NATIONAL ORAL HEALTH PLAN 2015-2024

Client	National Oral Health Advisory Committee
Services	Facilitation, stakeholder engagement, editing, document production
Context	<p>July 2004, the National Oral Health Advisory committee developed the Nation's first Oral Health Plan. <i>Healthy Mouths, Healthy Lives</i> sought to improve the health and well-being across the Australian population by improving oral health status and reducing the burden of oral disease. <i>Healthy Mouths, Healthy Lives</i> had a nine-year focus and in 2013 a process to review and update the plan for the next 9 years was commenced.</p>
Approach	<p>The AHHA was appointed to the role of Chair of the development process for the National Oral Health Plan 2015-2024 (NOHP). The role involved providing support and guidance to the Clinical Lead and other staff of the NOHP Development team; contributing to and overseeing the development and implementation of the project plan; attending and facilitating related workshops, meetings and other events; and liaising with stakeholders to promote and inform the Plan.</p> <p>Over the course of the project, AHHA articulated and established a steering committee plan to enable the development of a NOHP that adequately addressed and identified focus areas, issues and opportunities.</p> <p>A series of meetings and workshops brought together representatives from across Australia including professional associations, colleges, academies and societies; educators and researchers; regulators, peak bodies, non-government organisations, service providers, managers and bureaucrats with AHHA responsible for facilitating the capture of ideas and concepts before thoughtfully constructing plans to guide the health sector.</p> <p>Following development of the plan, AHHA produced the final version, including undertaking all required editing, graphic design and printing.</p>
Result	<p><i>Healthy Mouths, Health Lives – Australia's National Oral Health Plan 2015-2024</i> was released in early 2016 and is available for download at: http://www.coaghealthcouncil.gov.au/Portals/0/Australia%27s%20National%20Oral%20Health%20Plan%202015-2024_uploaded%20170216.pdf</p>
